CHAPTER 2

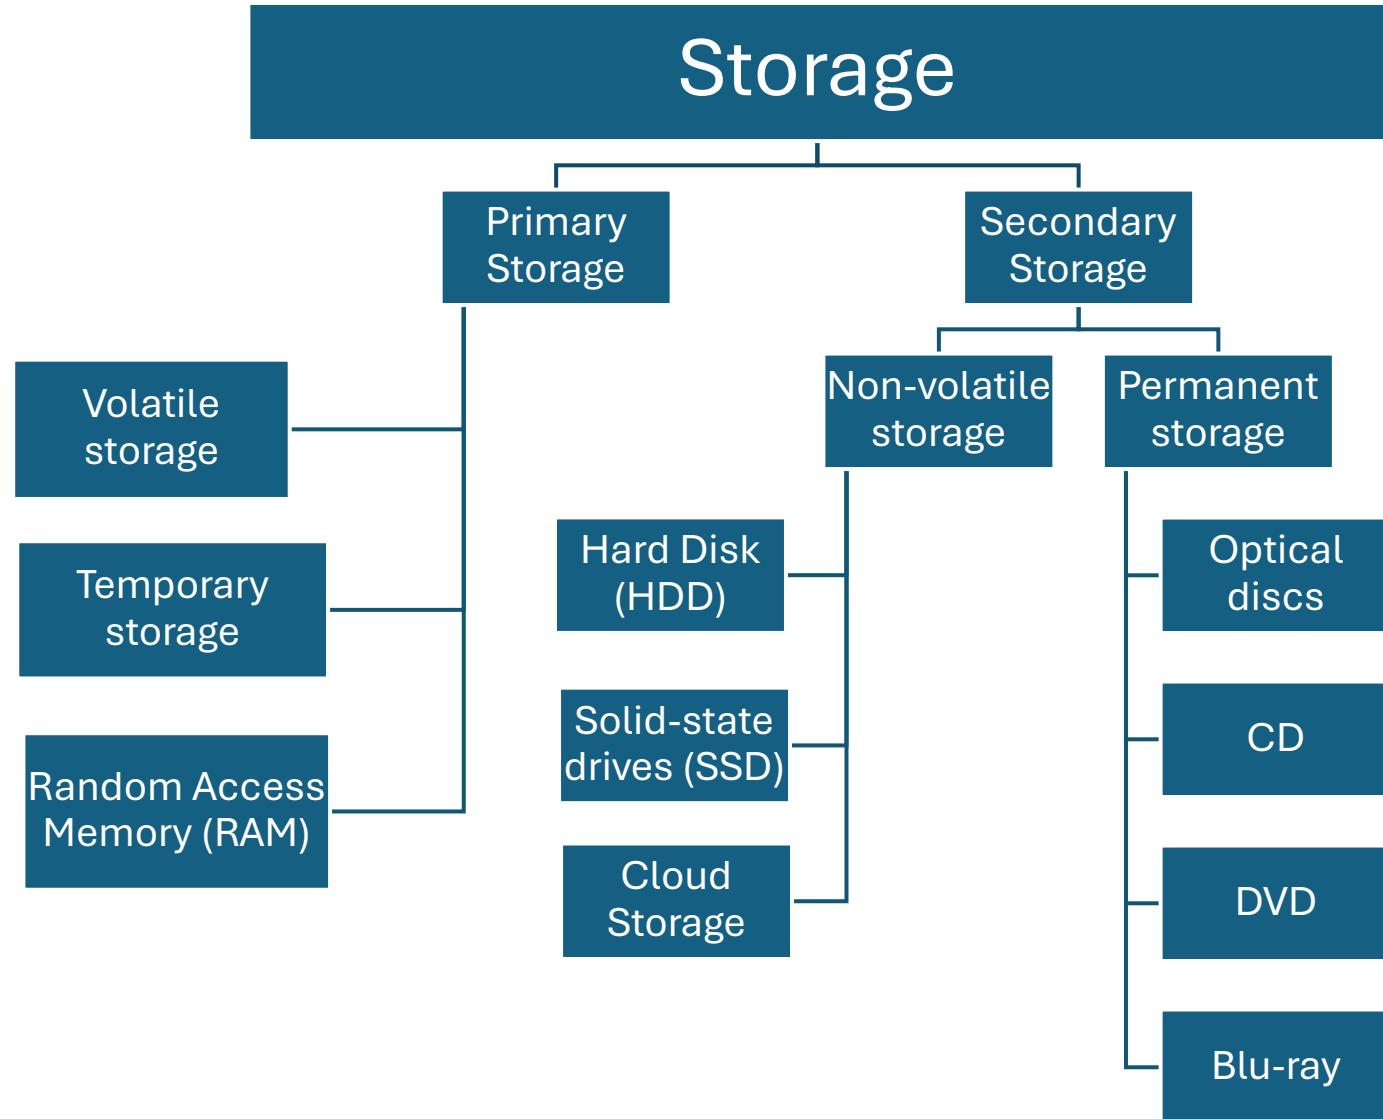

Components

-
- A Venn diagram consisting of two overlapping circles. The left circle represents 'Input Devices' and the right circle represents 'Output Devices'. The intersection area contains a list of devices that serve as both input and output.
- Keyboards
 - Pointing Devices
 - Gaming Controllers
 - Scanning Devices
 - Readers
 - Image Capturing Devices
 - Audio-Input Devices

- Headsets
- MFD
- Telephones
- Drones
- Robots
- Virtual Reality

- Monitors
- Printers
- Audio Devices
- Video Devices
